PDH Academy's courses for architects are AIA-approved and registered. Click to learn how you can build your transcript with AIA.

AIA-Approved Continuing Education Courses for Architects

The Roxbury E+ project is located in a dense urban neighborhood with a complex history. Despite a superior location, excellent amenities, access to mass transit, beautiful green spaces, and a fine historic building stock of single- and multi-family residences, the neighborhood has been disinvested and underutilized, with many low-income residents and vacant properties.

Targeted to architects, designers and engineers who specify furniture, fixtures or equipment, FF&E Z (pronounced like "FF and easy") is a powerful tool that: Organizes specification data in a way

FF&E Z Design Tool for FF&E Specifiers

The single largest and the most prominent component of a high-speed roll-up door is the fabric. In GMP environments, frequent and regular washing occurs with harsh, usually caustic, cleaning agents.

Considering GMPs In Room Design - PharmTech Home

Architecture is both the process and the product of planning, designing, and constructing buildings or any other structures. Architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of art. Historical civilizations are often identified with their surviving architectural achievements.
