The Guidelines for reporting the BIS international banking statistics provide definitions and requirements for reporting locational and consolidated banking statistics. The consistency of reporting practices with the Guidelines varies across reporting countries, and key discrepancies are highlighted in countries' summaries of their banks' reporting practices.

Reporting guidelines and practices for BIS international

This book provides an introduction to statistical learning methods. It is aimed for upper level undergraduate students, masters students and Ph.D. students in the non-mathematical sciences.

Introduction to Statistical Learning
