KING OF THE CROCODYLIANS THE PALEOBIOLOGY OF DEINOSUCHUS LIFE OF THE PAST

king of the crocodylians pdf

Crocodylia (or Crocodylia) is an order of mostly large, predatory, semiaquatic archosaurian reptiles, known as crocodylians. They first appeared 95 million years ago in the Late Cretaceous period (Cenomanian stage) and are the closest living relatives of birds, as the two groups are the only known survivors of the Archosauria. Members of the order's total group, the clade Pseudosuchia, appeared ...

Crocodylia - Wikipedia

Deinosuchus (/ ˈdɛɪnəˈsʊkəs /) is an extinct genus related to the alligator that lived 80 to 66 million years ago, during the late Cretaceous period. The name translates as "terrible crocodile" and is derived from the Greek *deinos* (δεινός), "terrible", and *soukhos* (σούχος), "crocodile". The first remains were discovered in North Carolina (United States) in the ...

Deinosuchus - Wikipedia

Buaya tangkas sekali berenang. Sewaktu bergerak dalam air, ekornya beralun dari sebelah ke sebelah untuk memacu buaya dalam air sementara kaki dirapatkan dengan badan untuk mengurangkan seretan. Apabila buaya perlu berhenti, berkemudi, atau berubah arah, kakinya kembang.

Buaya - Wikipedia Bahasa Melayu, ensiklopedia bebas

Krokodilliliste kehapikkus varieerub 1â€“1,5 meetrist (liigid Paleosuchus ja Osteolaemus) kuni 7-meetrise harikrokodillini, kes kaalub kuni 2000 kg. Hilis-Kriidi ajastus elas aga liik Deinosuchus, kes kasvas kuni 11 meetrini ja kaalus 3450 kg. Esineb ka sooline dimorfism â€“ isased on suuremad kui emased. Kuigi ninamikud ja hambad on liigiti erinevad, on nende keha ¼ldmorfologia siiski sarnane.

Krokodillilised - Vikipeedia, vaba ents¼klopeedia

Der SchÅ¶del der Krokodile ist, verglichen mit dem vieler anderer Reptilien, relativ langgestreckt, bei einigen Formen sogar extrem verlÅ¶ngert. Der ¼berwiegende Teil des SchÅ¶dels (meist mehr als zwei Drittel) wird von der Schnauzenpartie eingenommen. Je nach ErnÅ¶hrungsweise unterscheiden sich bei den verschiedenen Arten die Schnauzen in LÅ¶nge und Breite.
