The reliability of Wikipedia (predominantly of the English-language edition) has been frequently questioned and often assessed. The reliability has been tested statistically, through comparative review, analysis of the historical patterns, and strengths and weaknesses inherent in the editing process unique to Wikipedia. Incidents of conflicted editing, and the use of Wikipedia for 'revenge ...

Idiopathic pulmonary fibrosis (IPF) is a progressive parenchymal lung disease of complex cause. Gastro-oesophageal reflux (GER) and microaspiration have been proposed as risk factors for the development and progression of IPF, but robust definitive data are few. A recent international guideline conditionally recommended the use of antacid therapy (proton pump inhibitors or histamine-2-receptor ...

Medical Terminology Quiz Answers Ch 14

Question	Answer
1. Antacid therapy in idiopathic pulmonary fibrosis: more	The Genetics of Cancer. Genetic changes, which may be inherited or acquired during a person's life, can increase cancer risk.
2. Comprehensive Cancer Information - National Cancer Institute	Hepatitis C is an infection caused by the hepatitis C virus (HCV) that attacks the liver and leads to inflammation. The World Health Organization (WHO) estimates about 71 million people globally have chronic hepatitis C, with approximately 399,000 dying from this infection as primarily due to cirrhosis and hepatocellular carcinoma.

Antacid therapy in idiopathic pulmonary fibrosis: more

The Genetics of Cancer. Genetic changes, which may be inherited or acquired during a person's life, can increase cancer risk.

Comprehensive Cancer Information - National Cancer Institute

Hepatitis C is an infection caused by the hepatitis C virus (HCV) that attacks the liver and leads to inflammation. The World Health Organization (WHO) estimates about 71 million people globally have chronic hepatitis C, with approximately 399,000 dying from this infection as primarily due to cirrhosis and hepatocellular carcinoma.
