Practitioner's Section Standardized cost estimation for new technologies (SCENT) - methodology and tool Stanil Y. Ereev and Martin K. Patel

Business Chemistry | Standardized cost estimation for new

Chemical plant cost indexes are dimensionless numbers employed to updating capital cost required to erect a chemical plant from a past date to a later time, following changes in the value of money due to inflation and deflation. Since, at any given time, the number of chemical plants is insufficient to use in a preliminary or predesign estimate, cost indexes are handy for a series of ...
