TYPICAL QUESTIONS & ANSWERS

PART 1 OBJECTIVE QUESTIONS

Each Question is 2 marks.

Choose the correct answer for the following questions from the following.

- Q1. The most important feature of a good model is:
(A) Simplicity (B) Accuracy
(C) Clarity (D) Completeness

Ans: B

- Q2. The number of variables:
(A) Must be small (B) Must be large
(C) Must be moderate (D) Must be very large

Ans: D

- Q3. Which of the following is not a characteristic of a good model?
(A) Simplicity (B) Accuracy
(C) Clarity (D) Completeness

Ans: A

- Q4. The most important feature of a good model is:
(A) Simplicity (B) Accuracy
(C) Clarity (D) Completeness

Ans: B

- Q5. The number of variables:
(A) Must be small (B) Must be large
(C) Must be moderate (D) Must be very large

Ans: D

- Q6. Which of the following is not a characteristic of a good model?
(A) Simplicity (B) Accuracy
(C) Clarity (D) Completeness

Ans: A

- Q7. The most important feature of a good model is:
(A) Simplicity (B) Accuracy
(C) Clarity (D) Completeness

Ans: B

- Q8. The number of variables:
(A) Must be small (B) Must be large
(C) Must be moderate (D) Must be very large

Ans: D

- Q9. Which of the following is not a characteristic of a good model?
(A) Simplicity (B) Accuracy
(C) Clarity (D) Completeness

Ans: A
