Educational Psychology Interactive: Readings in

Sport psychology is an interdisciplinary science that draws on knowledge from many related fields including biomechanics, physiology, kinesiology and psychology. It involves the study of how psychological factors affect performance and how participation in sport and exercise affect psychological and physical factors. In addition to instruction and training of psychological skills for ...

Sport psychology - Wikipedia

Closing is a sales term which refers to the process of making a sale. The sales sense springs from real estate, where closing is the final step of a transaction. In sales, it is used more generally to mean achievement of the desired outcome, which may be an exchange of money or acquiring a signature. Salespeople are often taught to think of targets not as strangers, but rather as prospective ...

4 Mindfulness Activities for Groups and Group Therapy. In many cases, group therapy that incorporates mindfulness has shown some promising results. It has proven to be as effective as cognitive behavioral therapy (CBT), a staple of the clinical psychology world (Kocovski, Fleming, Hawley, Huta, & Antony, 2013).. There is also evidence to show that group mindfulness therapy is also as effective ...

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).

19 Narrative Therapy Techniques, Interventions

The Theory of Cognitive Development, is a comprehensive theory about the nature and development of human intelligence first developed by Jean Piaget. It is primarily known as a developmental stage theory, but in fact, it deals with the nature of knowledge itself and how humans come gradually to acquire it, construct it, and use it. Moreover; Piaget claims the idea that cognitive development is ...

The RRPM is grounded in Indigenous worldviews of the interrelatedness of all things (Graham, 2008, Grieves, 2009), and in Indigenous ways of being, doing, and knowing (depicted by the interconnecting wavy lines in Fig. 1; see Martin, 2003). Indigenous worldviews provide the basis of a framework that allows for living, learning, surviving and thriving (Craven, 2011).

Toward a positive psychology of indigenous thriving and
