A treaty is an agreement under international law entered into by actors in international law, namely sovereign states and international organizations. A treaty may also be known as an (international) agreement, protocol, covenant, convention, pact, or exchange of letters, among other terms. Regardless of terminology, all of these forms of agreements are, under international law, equally ...

1 Introduction. From the early 1990s, major labour law reforms were implemented in Southern Africa. These reforms were driven by the adoption of new national constitutions (some entrenching the right to strike), a desire to democratise the workplace, and trade liberalisation. [1] The countries analysed in this article have all formally endorsed the instruments of the International Labour ...
