The Enron scandal, publicized in October 2001, eventually led to the bankruptcy of the Enron Corporation, an American energy company based in Houston, Texas, and the de facto dissolution of Arthur Andersen, which was one of the five largest audit and accountancy partnerships in the world. In addition to being the largest bankruptcy reorganization in American history at that time, Enron was ...

User experience signals were HUGE this year. And I expect them to be an even more important SEO trend in 2019. In fact, Google previously announced that RankBrain was their third most important ranking factor: In the few months it has been deployed, RankBrain has become the third-most important signal contributing to the result of a search query.
