The Missing is a series of fictional young-adult novels written by Margaret Peterson Haddix. It tells the story of famous children from history stolen by futuristic time travelers from their place in time and accidentally sent to the 21st century as babies. They are then adopted by families in the 21st century. Because Jonah is one of the stolen children, he, along with his non-adopted sister ...

In typography. Albert Einstein's handwriting has been digitised as a font in an art project by typographer Harald Geisler and dancer Elizabeth Waterhouse. The font enables the user to write like Einstein on a computer or smartphone. The project was created in collaboration with the Albert Einstein Archives Jerusalem and presented 2015 on the crowdfunding platform Kickstarter where the campaign ...
